**Old Business:** Director Sankey – Updates

- ECaTS  
ECaTS deployment map shows areas in green are up and running, the areas in yellow are in progress, and the areas in red are not yet in the process. Region 26 and Custer County need upgrades before they can be deployed. Dodge County- Fremont and Colfax County are getting ready to cutover to start the Mid-East region

with Burt and Cuming Counties and will deploy after that time. In the Metro Region we are waiting for Douglas County to give approval and that area will go from their current Power Metrics to the statewide ECATS.

- **ESINet and Core Services Contract**

The contract with Lumen was signed for the ESINet and core services, there is a kick off meeting scheduled with Lumen and MCP on January 28, 2021.

- **Regionalization**

Perkins County has reinstated their PSAP and calls for them are no longer being routed to Keith County. Antelope County is in the process of cutting over to the North Central Region. Region 26 and Custer County are still in discussions with East Central about joining there. Polk County has consolidated it's PSAP and calls are being answered for them by Columbus. Adams and Saline Counties are in the process of getting on with the South East Region. Mid Rivers are still in talks about the future direction their PSAP will be going. North East Region is working on the technology to get their region together. Dodge – Fremont and Colfax Counties have a cut-over date of February 10<sup>th</sup>, and Cuming County and Burt County will be joining them to make up the Mid-East Region.

**New Business:** None
